OFFICE OF THE MINISTER FOR LAW AND LABOUR

NOTE

Dated 9th February 1948

DHARMAMBUDHI TANK BED

1) The Dharmambudhi tank bed in front of the City Railway Station is rendered ugly in a variety of ways. The bed is kept barren and uncouth and a portion of it is occupied by the Fuel Depot which has stacked extensive quantities of fuel, which is an eyesore. The eastern bund was neglected and has since been diverted by the compound of the Institute of Indian Medicine butting into the tank bed. At the South-eastern corner is situate a toddy and arrack shop. All these ugly spots should be removed and the tank bed converted into a beautiful garden of flowers and fragrant trees, fitted with a colour fountain on one side and a radio on the other with a road running across connecting the Railway Station with Kempegowda Road.

2) I suggest that immediate attention be paid to this work.
